

# Canadian International School of Hong Kong

Head of School

January 17, 2021

Dear CDNIS community,

We have been notified by our security company that one of our security guards has been diagnosed as suspected positive for COVID-19, pending verification from the CHP. Testing of the entire security team is underway and under the supervision of CHP. The entire school security team has been replaced until all guards are given approval to return.

In light of this situation, we have closed our campus effective immediately and for the coming week, January 18-22, pending further advice from the CHP. Deep cleaning of the campus facilities is already underway and we will sanitize and fumigate the campus to the highest possible standard before students and staff are admitted back on campus. In the interim, all grades EY1 to Grade 12 will learn remotely and all staff will work from home. Please note that we will not be able to offer emergency care for students at this time.

Please be assured that all precautionary measures as mentioned in previous communications are still in full force and we will continue to work closely with the EDB and the CHP to monitor the situation and keep everyone informed should there be any further developments.

Warmly,  
祝安康
